**Medicine for MRCP** Nov 04 2020 Medicine for MRCP provides a comprehensive review of the material that you need to pass the MRCP Parts 1 and 2 written papers. The twenty-seven chapters mapped out to the RCP syllabus, cover all areas from molecular medicine and genetics, through to medical law and ethics. Written by specialist contributors and educational experts, the content is carefully crafted to build your understanding for both papers. Each chapter begins with the basic science required for Part 1, before covering clinical medicine for Part 1, Part 2 and the PACES examinations. To ensure effective revision, material is presented in short sections with bullet lists, tables, and boxes. Over 150 drawings and photos illustrate key principles and clinical topics making them easier to retain. References to evidence-based protocols and directions to further reading allow for deeper understanding. Candidates can review their progress via the 180 end-of chapter self-assessment questions. Drawing on the authors' expertise, Medicine for MRCP is the ideal companion for the MRCP as well as a useful reference guide for practicing medical doctors.

**A-Level Physics** May 10 2021

**Revision Notes for MCEM** Sep 14 2021 This is the only book that MCEM candidates will need to pass the MCEM Part B

exam. This revision guide is framed around the most recent CEM syllabus, focusing on all the components of the exam. Each section of the book is tailored to match different elements of the syllabus, allowing candidates to revise efficiently and comprehensively. This concise revision tool is completely up-to-date, reflecting the latest developments in the examination. High quality artwork and a bullet-point style help candidates to absorb information quickly. It also includes over 35 short answer questions enabling candidates to gain invaluable exam practice. Exam tips are included throughout the book to help candidates improve their exam technique.

*International Health and Safety at Work Revision Guide* Oct 23 2019 "This Guide has been designed to be used together with the NEBOSH International General Certificate syllabus and the textbook. Introduction to International Health and Safety at Work by Hughes and Ferrett. The guide gives only a basic summary of the NEBOSH International General Certificate course and a full explanation of all the topics is given in the text book. The Revision Guide has the following features; It follows the latest NEBOSH International General Certificate syllabus; Revision notes for each of the elements of the two units IGC1 Management of international health and safety and IGC2 Controlling international workplace risks; A summary of the learning outcomes and key points is given for each element; Important diagrams are included to help revision; There is a final section to advise on preparation for the examination and some specimen answers to both long and short answer question taken from recent NEBOSH examination papers. The Revision Guide will also be useful to those who work outside the UK and have specific health and safety responsibilities in their jobs and those who are studying on other courses that include important health and safety elements, for example courses in Engineering, Business Studies, the Health Services and Retail and Hotel Management. The compact size of the Revision Guide ensures that they can be easily carried and used for revision at any time or place. They should be used throughout the course alongside the textbook and course hand-outs"--Provided by publisher.
