The sites selected for this Web research guide are specific to the needs of business researchers, providing annotated listings of global

business information sources. Researchers will find resources such as finding financial information on a foreign company, identifying overseas buyers and suppliers, and finding a market research study or an industry analysis from another country. This open access book focuses on Switzerland-based medium-sized companies with a longstanding export tradition and a proven dominance in global niche markets. Based upon in-depth documentation and analysis of 36 Swiss companies over their entire history, an expert team of authors presents several parallels in the pathways and success factors which allowed

these firms to become dominant and operate from a high-cost location such as Switzerland. The book enhances these insights by providing detailed company profiles documenting the company history, development, and how their relevant global niche positions were reached. Readers will benefit from these profiles as they compile a diverse selection of industries, mainly active within the B2B sector, with mostly mature companies (60 years to older than 100 years since founding) and different types of ownership structures including family firms. 'Masterpieces of Swiss Entrepreneurship' brings unique learning opportunities

to owners and leaders of SMEs in Switzerland and elsewhere. Findings are based on detailed bottom-up research of 36 companies -- without any preconceived notions. The book is both conceptual and practical. It fosters understanding for different choices in development pathways and management practices. Matti Alahuhta, Chairman DevCo Partners, ex-CEO Kone, Board member of several global listed companies, Helsinki, Finland Start-up entrepreneurs need proven models from industry which demonstrate the various paths to success. "Masterpieces of Swiss Entrepreneurship" provides

deep insights highlighting these models and the important trade-offs entrepreneurial teams must consider when choosing the path of high growth or of maximum control, as they are often mutually exclusive. Gina Domanig, Managing Partner, Emerald Technology Ventures, Zurich Essential knowledge for the planning, design, execution and maintenance of quay walls, plus general information about historic developments and lessons gained from observation of ports in various countries. An oil discovery in 1972 positioned Sharjah as one of the world's final cities shaped by transformative fortune. In the footsteps of Kuwait, Riyadh, and Dubai, Sharjah faced a metamorphosis: either one that repeated the past's mistakes or one that reimagined how

wealth can build a city. Sharjah's potential enticed an international cast of experts to create a bold, new city. As their projects begin to vanish, this book preserves them through unseen photographs and

recovered documents. New writing chronicles how local and arriving residents arranged the designed, concrete environment into a home. Beyond just a local artifact, this book examines the

confident promises made by global practices of urbanization. This book is the largest referral for Turkish companies.
