The controversial New York Times–bestselling biography of America’s most infamous president written by a master of investigative political reporting. Anthony Summers’s towering biography of Richard Nixon reveals a tormented figure whose criminal behavior did not begin with Watergate. Drawing on more than a thousand interviews and five years of research, Summers traces Nixon’s entire career, revealing a man driven by addiction to power and intrigue. His subversion of democracy during Watergate was the culmination of years of cynical political manipulation. Evidence suggests the former president had problems with alcohol and prescription drugs,

was mentally unstable, and was abusive to his wife, Pat.

Summers discloses previously unrevealed facts about Nixon's role in the plots against Fidel Castro and Salvador Allende, his sabotage of the Vietnam peace talks in 1968, and his acceptance of funds from dubious sources. The *Arrogance of Power* shows how the actions of one tormented man influenced 50 years of American history, in ways still reverberating today. "Summers has done an enormous service. . . . The inescapable conclusion, well body-guarded by meticulous research and footnotes, is that in the Nixon era the United States was in essence a 'rogue state.' It had a ruthless, paranoid and unstable leader who did not hesitate to break the laws of his own country."—Christopher Hitchens, *The New York Times Book Review* "A superbly researched and documented account—the last word on this dark and devious man."—Paul Theroux Provides cooperative education and internship professionals and researchers

Highlights key programs and shows how to demonstrate sound learning outcomes. -- Publisher description. The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in *The Debates and Proceedings in the Congress of the United States (1789-1824)*, the *Register of Debates in Congress (1824-1837)*, and the *Congressional Globe (1833-1873)* This book is a collection of key legal decisions affecting Indigenous Australians, which have been re-imagined so as to be inclusive of Indigenous people's stories, historical experience, perspectives and worldviews. In this groundbreaking work, Indigenous and non-Indigenous scholars have collaborated to

rewrite 16 key decisions. Spanning from 1889 to 2017, the judgments reflect the trajectory of Indigenous people's engagements with Australian law. The collection includes decisions that laid the foundation for the wrongful application of terra nullius and the long disavowal of native title. Contributors have also challenged narrow judicial interpretations of native title, which have denied recognition to Indigenous people who suffered the prolonged impacts of dispossession. Exciting new voices have reclaimed Australian law to deliver justice to the Stolen Generations and to families who have experienced institutional and police racism. Contributors have shown how judicial officers can use their power to challenge systemic racism and tell the stories of Indigenous people who have been dehumanised by the criminal justice system. The new judgments are characterised by intersectional perspectives which draw on postcolonial, critical race and whiteness

theories. Several scholars have chosen to operate within the parameters of legal doctrine. Some have imagined new truth-telling forums, highlighting the strength and creative resistance of Indigenous people to oppression and exclusion. Others have rejected the possibility that the legal system, which has been integral to settler-colonialism, can ever deliver meaningful justice to Indigenous people.
